

Using Microsoft Teams

1. Open Microsoft Teams Tile on Glow or open Microsoft Teams app.
2. Click on 'Teams' icon, then 'Join or create team'

3. Enter the code that has been generated from your Maths class and click 'Join team'. (These are listed at the bottom of this document. Note that none of the codes have capital letters.)

4. You're now able to access your classwork to be completed from home.

Your class teacher will issue work on a Monday and feedback will be provided on Friday. Work may be accompanied with short videos to watch the help you with your task(s). Feel free to contact your teacher through teams but be mindful they may not be able to respond immediately.

If you have any problems accessing your 'Team', do not hesitate to email Mr Mair, or your class teacher.

<u>Class</u>	<u>Code</u>
5B1 - Mr Mair	tlimne2
